Opdracht: My internet Start page

Commando's

/i	Opent instagram
/x	Opent X
/g	Opent google
/y	Opent youtube
/refresh	Maakt local storage leeg en refresht het tabblad

FUNCTIONALITEITEN

- Zoekopdrachten uitvoeren door prefix + te zoeken op de bepaalde site
- Wanneer op GO! Knop geklikt wordt, wordt je automatisch naar de juiste site doorverwezen.
- History blijft behouden, ook al wordt het tablad gesloten.
- Elk platform heeft een eigen kleur
- Er wordt gecontroleerd of het commando start met een slash, en of de prefix geldig is (/g, /y, /x, /i).
- Na elke zoekopdracht wordt de zoekbalk leeggemaakt.
- Door refresh in de zoekbalk te typen wordt de history verwijderd en refresht de pagina zich.
